‘Callista’ in Greek means ‘the most beautiful’ and at our Spa we believe that beauty is the harmony between body, mind and soul. In keeping with our philosophy, we have created a range of wellness therapies, beauty and face treatments to help you relax, restore and rejuvenate.

Callista Spa consists of a fitness centre, internal hydrotherapy heated swimming pool with waterfall, reverse swimming, Jacuzzi as well as back and neck hydromassage. A suite room which includes steam bath with four programs and tropical rain from warm to cold and cold to warm, dry sauna with chromotherapy and music.

Two high technology flotation beds make our Spa unique. The Nuvola bed which has an innovative system of flotation giving the feeling of gravity absence and the Zero 1 water bed which can have temperature and water colour set up by the masseur.

Our treatment menu consists of two Spa brands: Germaine de Capuccini and BioAroma. We use products made from natural ingredients, essential for optimal skin treatment results.
